

## March meeting BBQ

Our March meeting is always a social night with a BBQ and a few drinks, this is usually held at the Oval shed but due to terrible weather it was moved to the Clubrooms. This wasn't a problem for those who attended. The trailer BBQ was backed up to the doors and all were well fed. There was plenty of conversation and lots of laughs.

Thanks to those who stepped up to cook and serve food. Of course there were too many people "helping" to decide what was cooked and what wasn't with some heated discussions regarding the BBQ being a male or female domain! I would like to think that the night was well received and well deserved for all those who put in a huge effort with Power of the Past. Hopefully this night will be something that continues in the future.
