The Woomera Travellers' Village and Caravan Park

This existing facility is currently being totally renovated, for which reason bookings can not be accepted currently. Work will begin in January and be finished by about April. The current Manager is unable to say how many rooms there will be, but they intend to accommodate 150 people, and will have 4.5 star accommodation. They will be having rooms, not cabins. Most likely they will continue to have caravan sites and camping sites. Unfortunately, they are committed to provide accommodation for BHP Billiton's expanded Olympic Dam Mine in 2010. However, should all the rooms not be allocated to the Company, we would be welcome to book them. If you want to take the risk and seek to reserve a room, or a site, please let us (the Steering Committee), know. Because of the uncertainty, our advice is to regard The Eldo as your preferred option.
