

# Volunteers Needed

## Volunteers with Prostate Cancer and their Partners Required to Participate in a Research Study

### > Who are we looking for?

We are looking for men who have received prostate cancer treatments in the last 3 years and who currently have a partner.

### > What does the study involve?

You will be asked to attend two group conversations to discuss the sort of support services that you and your partner would find beneficial in relation to your prostate cancer treatment and its side effects. The conversations will be conducted by an experienced researcher in a private room at a mutually agreed time.

### > How long will it take?

Each group conversation will take 60-90 minutes.

### > How do you participate?

If you would like to participate in this study or need further information,

please contact either:

Professor Jan Paterson

Ph: (08) 8201 3266
