

## Athelstone Kindergym – Website, social media and online and print newsletter and promotional publications

Athelstone Kindergym promotes the development of the whole child socially, emotionally, cognitively and physically through play – it's a place where children can swing, jump, throw, climb, explore and learn in a safe, multi-sensory environment.

**We would like assistance with the redevelopment of a website, social media and online and print publications to communicate with new and existing members,** with a more modern approach and approach and style. We have a website which needs redevelopment – eg., we use stock images when we could use pictures of our kindergym instead. We currently inform members of everything via our website: pricing, session times, fundraising etc.

Our current website is at <http://www.athelstonekindergym.org/>
