

Long Plains Netball Club: Website and Social Media

The LPNC is a small Community Netball club with in the Adelaide Plains Netball Association. We strive to provide a place for our community members to meet, socialise and exercise to promote netball and football in our local area and provide a healthysafe social environment for all.

We want a website that gives the community and members information about the club and encourages more community participation. The website should provide the community and members a place to source information regarding the club; to access Bylaws, governing documents events, dates and trails etc. It should inform the community who we are and how they can participate or volunteer to provide a social hub for our community.

We have a public Facebook page and a closed group for club communication.

Expressions of interest in working on these projects should be sent to your lecturer/tutor for the course in which you are doing the project (eg. Comm 3063) and Alice Dodd: alice.dodd@unisa.edu.au. Further contact details for the organisation will then be available.

Any enquiries about the project or organisation should be sent to Alice Dodd: alice.dodd@unisa.edu.au
